# Anywhere All Conditions

Gill has been at the forefront of marine apparel for over 45 years. Creating the most technical sailing clothing to protect people from the elements whilst out on the water, giving them the confidence to go anywhere, in any condition.

Whilst our heritage is firmly rooted in sailing our products are not limited to just sailing. They can be used across the board for many types of outdoor activities including sailing, fishing and outdoor watersports.

Water connects us to everything we do from our beginnings as a brand, to the products we create. It's always been about empowering people through engineered, technical clothing and equipment so they can experience more of what they love.

# Fabric Technology & Performance

## - Waterproofs

Rather than relying on branded fabric solutions or generic fabrics developed for non-marine conditions, we've taken a different path and invest in more fabric development and testing than any other Marine brand.

Our fabric branding architecture explains the differences between our waterproof fabric technologies as well as giving us an ownable identity.

The naming hierarchy clearly distinguishes our 2 and 3-layer fabric technologies and features across a wide selection of products. For further

guidance our quick-reference scales present levels of performance and explain our fabric technologies, so that consumers can easily identify which garment best meets their needs. This system allows us to share the data directly with the consumer and as well as explaining the differences between XPLORE and XPLORE+, it presents the garments level of Waterproofness, Breathability and Durability.

This information can be found on swing tickets, our website and is shown against each product within this guide where relevant.

**XPLORE**

XPLORE® is our 2-layer fabric which is waterproof, breathable and durable, providing you with guaranteed protection and comfort.

It delivers reliable levels of performance in a wide variety of conditions, where weight and breathability take priority.

**XPLORE+**

XPLORE+® is our 3-layer fabric which is waterproof, breathable and durable. It has the added benefit of a lightweight mesh, providing you with guaranteed protection and comfort.

Created for those needing enhanced levels of waterproof protection and increased durability where performance in wet conditions has to be guaranteed.

Each garment has been rigorously tested to ensure it meets our stringent performance standards. A rating system has been created to indicate how each garment performs.

### Waterproofness

20,000+mm HH
10,000 – 20,000mm HH
5,000 – 10,000mm HH

### Breathability

80+%
70 – 80%
60 – 70%

### Durability

Extremely Durable
Highly Durable
Durable

Since launching in 2021, our revolutionary plant-based fabric finish, XPEL®, continues to provide exceptional levels of waterproof protection to a wide range of products within our collection.

XPEL offers our consumers incredible levels of water repellency; water simply rolls off the outer fabric without a trace, even saltwater which has a lower surface tension and can easily 'wet out' waterproof fabrics. The finish is stain resistant too and will repel grease, mud and oil – even ketchup and red wine can simply be rinsed away.

XPEL also naturally controls odours in a safe and effective way, so fabrics remain fresh even when stored wet.

XPEL delivers this outstanding moisture repellency, stain resistance, stain release and odour resistance without changing the comfort, hand feel, or breathability of our waterproof fabrics. Each fibre of the outer fabric is coated with XPEL during the fabric manufacturing process, resulting in a durable and long-lasting finish. We guarantee consistent levels of performance for up to 30 washes, with the treatment continuing to be effective for up to 50 washes.

For further details on XPEL visit [www.gillmarine.com/EXPEL](http://www.gillmarine.com/EXPEL)

# Fabric Technology & Performance

## - Icons explained

### X4 Super-Stretch

- With up to 2x the stretch of standard neoprene these materials provide the ultimate freedom of movement.

### 4 Way Stretch

- Materials designed to stretch in all directions allowing complete freedom of movement.

### Di-Guard

- High tenacity neoprene designed to protect against wear. Strategically placed panels resist abrasion and prolong the life of your garment.

### Thermal Protection

- Materials designed to improve thermal efficiency by trapping body warmth.

### Glideskin

- Low-friction glideskin neoprene strategically placed for comfort against the skin and protection from chaffing.

### Recycled Content

### Sun Protection UPF 50+

- UPF stands for ultraviolet protection factor and is the sun protective rating measure for fabrics.
- UPF 50+ is the maximum sun protective rating achievable for fabrics and means that the fabric blocks at least 95 % of UVA and 98 % of UVB rays.
- Sun exposure causes skin damage
- Only covered areas are protected
- EN 137358-2:2003+A1:2006 (E)

We have been using neoprene for many years, mostly in our wetsuits designed for dinghy sailing. In recent years we have expanded our range of neoprene products as more and more consumers are now getting out on the water for a range of water activities.

Our collection ranges in thickness and style, giving consumers choice and flexibility. The below guide offers further guidance as to which Gill style is right for the consumer in terms of seasonality.

## NEOPRENE USAGE GUIDE

# Sailing

Designed to meet the needs of today's modern sailor this collection of products has been designed with advanced technological details to provide the ultimate protection for any type of sailing activity.

## OS1 OCEAN JACKET OS13J

### Technology:

- XPLORE+® 3-layer waterproof and breathable fabric
- XPEL® water & stain repellent treatment
- High performance, durably waterproof and breathable

### Features/Benefits:

- Ocean height collar with a concealed, wrap-around face guard
- Thermal brushed mesh inner collar and chin guard
- Abrasion resistant panels to protect against wear and tear
- Photoluminescent safety reflectors
- 2-way zipper protected by a double storm guard
- Deep cargo pockets with secure closure with hand warmer pockets behind
- Chest hand warmer pockets
- Adjustable outer cuff with hi-vis PU inner seals for watertight comfort and increased visibility
- PLB attachment point
- Security pocket protected by a YKK Aquaguard zipper
- Shackle tool and hanging clip included

### Fabric Composition:

- Shell: 100% Nylon
- Panel: 100% Polyester

### Regular fit

Colour: Graphite/Orange.  
Sizes: XS-XXL

## OS1 OCEAN TROUSERS OS13T

### Technology:

- XPLORE+® 3-layer waterproof and breathable fabric
- XPEL® water and stain repellent treatment
- High performance, durably waterproof and breathable

### Features/Benefits:

- Handwarmer pockets with brushed mesh lining
- External waist adjustment
- Abrasion resistant panels to protect against wear and tear
- 2 deep thigh pockets with secure closure
- Marine Tool pocket
- Shackle tool and hanging clip included
- Multipoint shoulder adjustment with stretch back panel
- PLB attachment point

### Fabric Composition:

- Shell: 100% Nylon
- Panel: 100% Polyester

### Regular fit

Colour: Graphite/Orange.  
Sizes: XS-XXL

# The New OS3 Coastal system

Part of our iconic OS Series, the OS3 Coastal system is suitable for beginners to advanced boaters and because of its water resistance and breathability is the perfect outer layer for year-round boating. This season we have reimagined the OS3 to bring you a sailing system that is both highly technical as well as comfortable and durable. Made from our exclusive XPLORE® 2-layer waterproof and breathable fabric as well as our revolutionary XPEL® fabric finish and with an updated design for a more streamlined look and comfortable fit.

# 88%

of the OS3 system is now  
made using recycled content.

Increased hood protection and streamlined design vs previous generation OS3.

All packaging is made from 100% recycled materials and is 100% recyclable. The overall bag size for the new OS3 Coastal Trouser is 75% smaller.

4x

Plant-based XPEL® fabric finish is four times more durable than standard DWR coatings.

Sizes: S-XXL

# ZenTherm 2.0

Four years on from the launch of ZenTherm we're excited to introduce the next generation in performance dinghy sailing clothing. ZenTherm 2.0 has been designed in conjunction with the US Sailing Team, ensuring it meets the needs of professional athletes as well as being suitable for recreational dinghy sailors.

Less fabric wastage  
by reducing the  
number of individual  
fabrics used.

ZenTherm long John/Jane

- 6 individual fabrics down to 2

ZenTherm Tops

- 5 individual fabrics down to 2

# 75%

75% reduction in packaging due to new folding method.

# 50%

Updated construction reducing the number of seams by 50%.

# 2x

New super-stretch limestone neoprene has up to 2 x the stretch of standard neoprene.

## SAVONA TRAINER 939

Technology:

- Non-marking outsole with high-contact surface area

Features/ Benefits:

- Super-lightweight & quick-drying construction
- Heat moulded toe protection
- Air-cell impact absorbing and removable insole
- Non marking sole

Fabric Composition:

- Mesh and synthetic upper
- Mesh lining
- Manmade outsole

Colour: Black. Sizes: 37-47

Colour: Dark Navy. Sizes: 37-47

## RACE TRAINER RS44

Technology:

- Fast release water drainage system
- Non-slip grip in wet and dry conditions
- Non-marking outsole

Features/ Benefits:

- Lightweight, highly breathable and quick drying upper construction
- Air-cell impact absorbing insole with drainage
- Moulded toe protection

Fabric Composition:

- Mesh and synthetic upper
- Mesh lining
- Manmade outsole

Colour: Graphite. Sizes: 37-47

Colour: Grey. Sizes: 37-47

## MAWGAN TRAINER 938

Technology:

- Non-marking and slip resistant outsole

Features/ Benefits:

- Highly breathable
- Air-cell impact absorbing and removable insole
- Dual-density outsole
- Low profile tread pattern with water expulsion channels for use in wet conditions
- Heat moulded toe and heel protection

Fabric Composition:

- Mesh and synthetic upper
- Mesh lining
- Manmade outsole

Colour: Black/Grey. Sizes: 37-47

Colour: Navy. Sizes: 37-47

## SHORT CRUISING BOOT 917

### JUNIOR SHORT CRUISING BOOT 917J ①

#### Features/Benefits:

- Non-slip, non-marking razor cut outsoles for grip
- Quick dry polyester lining
- Removable cushioned inner soles for fast drying

#### Fabric Composition:

- 100% Natural Rubber Compound

Colour: Black. Sizes: 39-48

① Colour: Black. Sizes: 36-38

## TALL YACHTING BOOT 918

### JUNIOR TALL YACHTING BOOT 918J ①

#### Features/Benefits:

- Non-slip, non-marking razor cut outsoles for grip
- Quick dry polyester lining
- Removable cushioned inner soles for fast drying
- Reinforced heel, instep and toe
- Padded tie top

#### Fabric Composition:

- 100% Natural Rubber Compound

Colour: Black. Sizes: 39-48

① Colour: Black. Sizes: 36-38

## OFFSHORE BOOT 916

#### Technology:

- Thermomoulded waterproof construction
- Non-slip, non-marking razor cut outsoles for wet and dry grip
- XPLORE+® 3-layer waterproof and breathable external gaiter
- Thermal lining

#### Features/Benefits:

- External gaiter creates a double-layer of protection
- Thermal neoprene upper for comfort, warmth and impact protection
- Perforated neoprene on gaiter allows water to quickly drain away
- Reinforced heel, instep and toe
- Elastic cord and gripper elastic at hem for a secure fit

#### Fabric Composition:

- Outer-100% Nylon
- Inner-90% Neoprene 10% Nylon
- Sole-100% Natural Rubber Compound

THERMAL  
PROTECTION

Colour: Black. Sizes: 39-48

## OS THERMAL NECK GAITER HT49

### Technology:

- 4-way stretch thermal fabric with a brushed waffle interior providing warmth, wicking and breathability
- The interior grid structure enhances compressibility, airflow and drying time
- Breathable

### Features/ Benefits:

- Flatlocked seams for comfort
- Easily converts to neck gaiter
- Anatomically shaped

### Fabric Composition:

- Main: 95% Polyester / 5% Elastane

Colour: Graphite. Sizes: ONE

**AERO BOOT 966****JUNIOR AERO BOOT 966J ①****Technology:**

- 5mm Neoprene for warmth
- Wrap-around, non marking natural rubber sole for improved grip

**Features/Benefits:**

- YKK non-ferrous Zip Closure
- Medium Sole - increased flex and feel
- Wide adjustable strap reinforces zipper closure and provides additional support to ankle
- Glued and Blindstitched construction
- High grip sole with improved arch support

**Fabric Composition:**

- 90% Neoprene / 10% Nylon

Colour: Black. Sizes: 39-49

① Colour: Black. Sizes: 35/36 -37/38

**EDGE BOOT 965****JUNIOR EDGE BOOT 965J ①****Technology:**

- 4mm Neoprene for warmth

① Colour: Black. Sizes: 33-38

## MID-WEIGHT SOCKS 763

### Technology:

- Merino wool provides comfort, moisture management and odour control
- Hydrovent® fibres wick away moisture, keeping your feet dry and comfortable

### Features/Benefits:

- Lightweight upper panel for maximum breathability
- Elasticated arch support
- Cushioned construction throughout
- Smooth toe seam for comfort

### Fabric Composition:

- 35% Hydrovent® Polyester / 30% Merino Wool / 30% Acrylic / 3% Nylon / 2% Elastane

Colour: Black. Sizes: S–L

Colour: Navy. Sizes: S–L

## BOOT SOCKS 764

### Technology:

- Merino wool provides comfort, moisture management and odour control

### Features/Benefits:

- Boot height, wool rich thermal sock
- Elasticated arch and ankle support
- Cushioned construction throughout
- Smooth toe seam for comfort

### Fabric Composition:

- 45% Merino Wool / 28% Acrylic / 12% Hydrovent® Polyester / 13% Nylon / 2% Elastane

Colour: Black. Sizes: S–L

Colour: Navy. Sizes: S–L

## WATERPROOF BOOT SOCKS 765

### Technology:

- Durable Nylon outer layer
- Thermal inner sock with wicking capability

### Features/Benefits:

- Waterproof and breathable
- Longer length for use in boots

### Fabric Composition:

- Outer: 80% Nylon, 20% Elastane
- Inner: 50% Merino, 50% Acrylic

Colour: Graphite. Sizes: S–L

## WATERPROOF SOCKS 766

### Technology:

- Durable Nylon outer layer
- Thermal inner sock with wicking capability

### Features/Benefits:

- Waterproof and breathable
- Thin enough to be worn inside boots and performance footwear

### Fabric Composition:

- Outer: 80% Nylon, 20% Elastane
- Inner: 95% Polyester, 5% Elastane

Colour: Graphite. Sizes: S–L

## NEOPRENE SOCKS 4527

### Technology:

- Thermal protection
- 4 way stretch

### Features/Benefits:

- 3mm neoprene double lined for increased comfort
- Glued and blindstitched
- Silicon grip pattern on sole

### Fabric Composition:

- 90% Neoprene / 10% Elastane

### Features/Benefits:

- Flatlocked seams for comfort
- Silicon grip pattern on sole

### Fabric Composition:

- 84% Polyester / 16% Elastane

4 WAY  
STRETCH

THERMAL  
PROTECTION

Colour: Black. Sizes: S-XL

## EYEWEAR

### Glare-free vision

Polarized lenses block the glare produced by light reflecting off the water or bright deck surfaces which can create a distracting haze; a real issue when you're looking for marker buoys or checking sail trim. Optically-corrected, shatter-resistant cushion elements are laminated to both sides of the UV absorbers, followed by a unique scratch resistant coating applied to the outer surfaces.

### Natural colours

Filter category 3 lenses allowing 8-18% light transmission and are useful in bright sunlight, driving and general purpose wear.

### 100% UV400

UV light absorbers, which block 100% of harmful UVA, UVB, and UVC radiation.

### Reduced eye fatigue

A quality optical lens is used to prevent vision distortion as cheaper lenses bend and misdirect light so that sizes, shapes and even distances can become distorted – leading to eye strain as you're forced to compensate. They comply with European Class 1 Optics Standards.

### Floatable

Designed for life on the water, all Race and Performance sunglasses float.

### Hydrophobic

Hydrophobic outer coating sheds water and reduces salt residue for clear vision.

### Oleophobic

Oleophobic technology applied to the inside face repels fingerprints, sun lotion and skin oils. This is the same technology found on touch-screen devices to reduce finger marks.

## VERSO SUNGLASSES 9740

### Technology:

- FFT - Floating Frame Technology
- Impact-resistant Polycarbonate Polarized lens for superior optical clarity, reduced glare and 100% UV 400 protection

### Features/Benefits:

- Anti-glare side-shield
- Saltwater-resistant coating for optimum clarity
- Removeable adjustable headband

## STEALTH RACER WATCH W017

### Technology:

- Carbon reinforced ABS plastic construction with a stainless steel case back
- Flexible, hardwearing TPU strap with a marine-grade stainless steel fastening

### Features/Benefits:

- Water-resistant to 50m
- Compass function
- 4 Countdown modes including a Vibrate function
- Countdown timer with synchro
- Stopwatch timer
- Key lock function
- Shock and impact resistant construction
- Electro luminescent backlight
- Time, date and day
- Alarm function
- Audible alarm and alert sounds
- Sleep mode to preserve battery life

Colour: Black. Sizes: ONE

Colour: Orange. Sizes: ONE

## STEALTH TIMER W016

### Technology:

- Stealth mode featuring a vibrate function
- Digital compass mode which includes a Course Shift feature
- Updated module mount with safety release to prevent accidental release during use

### Features/Benefits:

- Water-resistant to 50m
- Full dot matrix display (measuring 44mm x 30mm) with polycarbonate face
- Chronograph – 50 lap memory, Recall Lap Time and Total Time
- Key lock/sleep mode function

Colour: Orange. Sizes: ONE

## PERSONAL RESCUE KNIFE MT009

### Technology:

- Titanium coated 420 stainless steel for even greater corrosion resistance.

### Features/Benefits:

- Folded length 95mm
- Open length 165mm
- Blade length 70mm
- Liner lock to prevent accidental closure
- Thumb stud for one-handed opening
- G10 Composite handle for wet and dry grip
- Serrated blade edge for quick and effective rope cutting
- Machined 'GILL Grip' provides extra grip
- Supplied with a moulded nylon pouch

Colour: Orange. Sizes: ONE

## MARINE TOOL MT010

### Technology:

- Titanium coated 420 stainless steel for even greater corrosion resistance.

### Features/Benefits:

- Folded length 95mm
- Open length 165mm
- Blade length 70mm
- Liner lock to prevent accidental closure
- Thumb stud on knife blade for one-handed opening
- G10 Composite handle for wet and dry grip
- Serrated blade edge for quick and effective rope cutting
- Integrated shackle key, webbing cutter, 8mm spanner, flathead screwdriver and bottle opener
- Marlin spike for ropework
- Machined 'GILL Grip' provides extra grip
- Supplied with a moulded nylon pouch

Colour: Orange. Sizes: ONE

## HARNESS RESCUE TOOL MT011

### Technology:

- Titanium coated 420 stainless steel for even greater corrosion resistance

### Features/Benefits:

- Total length 127mm
- Low profile tool that easily slips inside trouser or buoyancy aid pockets
- Shackle key fits most small to medium sized shackles
- G10 Composite handle for wet and dry grip
- Serrated blade edge for emergency use
- Webbing cutter
- Supplied with a nylon sheath

All of our garments are sized and fitted with end use in mind, we have defined our different types of fit here.  
Products not labelled as one of our other specific fits will be a regular fit.

#### Next to Skin

Follows the contours of the body giving freedom of movement.

#### Slim Fit

Closer fit, giving a silhouette that skims over the body.

#### Regular Fit

Neither close fitting or oversized, designed to be versatile and fit as expected for the products' intended end-use.

#### Relaxed Fit

Cut looser with more room around the body. Ideal for layering over other pieces.
